

# HEAD OF THE CLASS

*The Monthly Newsletter of the Sayreville Board of Education*

Volume 16, Issue 10

June 2010

The Sayreville Board of Education congratulates those who are at the

## Head of the Class

### WILSON ELEMENTARY SCHOOL

Congratulations to the "Small School with a Big Heart." Thanks to the generous hearts of the Wilson Elementary School students and staff, many charitable causes and organizations were the recipients of their collective generosity. Over \$9,898 was collected to aid needy groups. The totals are as follows:

Pennies for Patients - \$2,531.00  
Haitian Relief - \$1,700.00  
St. Jude's Mathathon - \$3,387.00  
Jump Rope for Heart - \$2,280.00

### ARLETH SCHOOL STAFF & STUDENTS

During the month of April, Arleth Elementary School kept very busy. The faculty and staff worked very hard to spread Autism Awareness during the month. Students were taught lessons about Autism and other disabilities and got a chance to "walk in their shoes." Along with classroom activities to raise awareness, the Arleth School family bagged groceries at Shop-Rite while putting Autism fax sheets into the shoppers' bags.

### EISENHOWER STAFF & STUDENTS

Following the January 12, 2010 earthquake in Haiti, the families of Eisenhower School decided they needed to do something to help the families of Haiti. They soon discovered a cause named "Soles4Souls" which provides shoes to underprivileged countries. Outreach began and a goal of 250-300 shoes was set. Several weeks later, the students of Eisenhower had collected an amazing 562 pairs of shoes! The PTO delivered the shoes to Foot Solutions in Chester, NJ who then shipped them directly to the relief efforts in Haiti. Hats off to the families of Eisenhower School!

### SAYREVILLE STUDENTS AND STAFF

The Middlesex County Food Organization and Outreach Distribution Services (M.C.F.O.O.D.S.) has offered their thanks and congratulations to our students for their amazing contribution to their 2010 School Food Drive. This year, a total of approximately 53 tons of food was collected from the 158 participating schools through the county. The Sayreville School District collected 3,300 pounds of food! Thank you to the Sayreville students and their families!

### TERESA HYSLOP PUJA PARIKH ANUJTALATI

Congratulations to these students who were chosen as National Merit Scholarships finalists. They will continue on in the competition for approximately 8,200 National Merit Scholarships that will be awarded in 2011. Good luck to Theresa Hyslop, Puja Parikh and Anuj Talati!

NICHOLAS SZAMRETA

More congratulations to the fourteen Sayreville War Memorial High School students who were inducted as members of the National History Honor Society on April 28, 2010. These students had to achieve rigorous standards to be considered for membership.

## To the Class of 2010...

On June 24, 2010, the Class of 2010 will enter War Memorial Stadium as students of Sayreville War Memorial High School and leave that same stadium as the future of our nation.

As you go forward, remember that as important as it is to do "well", it is equally as important to do "good". Give back to the community that has given to you.

As you go forward, build your life day by day, minute by minute, making the best use of the foundation we have helped you to build.

As you go forward, know that there are no shortcuts to success. Hard work and success are synonymous with one another.

As you go forward, understand that it does not matter the house you live in, the job you have, or the money you possess. To know that someone's life has been made easier because of you is to truly live and to truly succeed.

As you go forward, remember each other and cherish the memories that are SWMHS. Remember the extra-curricular activities, the proms, the pep rallies, the concerts, the sports and the senior class trip. Use those memories and those bonds as strength and encouragement when you need it most.

As you go forward, strive to be the person that you have always wanted to be. You have something to give that no one else can.

As you go forward, be sure to follow your dreams because you always have reality to fall back on.

As you go forward, never forget us as we will never forget you. Congratulations and Best Wishes to the Class of 2010!

The Sayreville Board of Education  
Dr. Frank Alfano, Superintendent
