- Congratulations to the Wilson School family for adopting Park Ridge Elementary School in Baker, Louisiana. This school is located 20 miles outside of New Orleans and has relocated 75 children and 6 teachers. The Wilson children and parents have reached out to these unfortunate children with open hearts and hands. Throughout the year, Wilson School will be shipping boxes of school supplies, toiletries as well as clothing to Park Ridge. We have developed a partnership and our children will be writing letters and learning about these less fortunate children. Kudos to our grade 3 teacher, Mrs. Adrienne Visone, who reached out to Park Ridge and organized the entire activity.
